

Incognito System

- Sneaky, Sneaky
- Easy To Use
- Up To 50HP gain
- Compact Design
- Universal Application
- Lifetime Warranty N2O Solenoid
- Made in U.S.A.

NEW Lightning Series limited lifetime warranty solenoids. Lightest, largest and highest flowing solenoids on the market. Our Incognito systems come standard with a 15098L Nitrous solenoid.

Also standard in the Incognito systems is our wide-open throttle switch and bracket. This switch eliminates unreliable push-button activation and allows the driver to use the system only at full throttle.

The NX HP Jets are manufactured on CNC equipment, and are guaranteed to be within .0005 of specified jet size. In recent testing using the same jet size, HP jets out flowed the competition by 35%! The HP Jet was designed with a contoured inlet and multistep outlet allow turbulence free flow with no restrictions.
