Phone: (940) 767-7694
Fax: (940) 767-7697
Toll free (888) 463-2781
www.nitrousexpress.com

All shipments should be sent freight prepaid to the address above. Please include this form along with your intake manifold. Intakes that have been used should be cleaned before they are sent to NX. Greasy and oily intakes will be cleaned and a \$100 cleaning charge will be assessed. Please include pictures of the installed intake so we can identify any clearance issues with valve covers, distributors, water necks and carburetor linkages. Please note any special instructions in detail.

Direct Port Nitrous Systems

Direct Port installation includes drilling and tapping the intake runners, installing nozzles, bending hard lines, installing solenoids and dry flowing the system.

8 Cylinder - \$400 per stage

6 Cylinder - \$350 per stage

4 Cylinder - \$300 per stage

Additional charges:

Welding bungs on sheet metal intakes - \$150 per 8 bungs

Installing spray bars in your intake manifold

Conventional spray bar installation fees are \$210 per stage. Conventional systems have one nitrous/fuel bar running through the center of the plenum.

Gemini Twin spray bar installation fees are \$275 per stage. Gemini Twin systems have two sets of nitrous/fuel bars that spray from the sides of the plenum directly in the high velocity side of the port.

Additional charges:

Welding fitting pads on sheet metal intakes - \$50 per stage

Hidden Systems

Hidden systems are billed by the hour. Just give us a call to discuss you application and concealed options.
